

EcoTrac™

Gravity Glide Shelf Management Systems
for Cold Vaults & Free Standing Coolers

www.bevtrac.com

Always front facing.

EcoTrac™ Gravity Glide Tray

The EcoTrac™ Gravity Glide System consists of an innovative glide with front retainer. The unique tray-to-tray connection will maximize any planogram space.

Trays are manufactured with reprocessed plastic, supporting responsible environmental action.

Available glide fronts:

- Strap
- Clear

Benefits

- Low cost eco friendly alternative to competitors glides.
- Unique tray-to-tray connection allows different sized packages to fit together on the same shelf supporting new package size launches and overall planogram compliance.
- Consistent wall height eliminates product from tipping sideways.
- Unbreakable clear front version allows for increased branding and pricing information.
- Upgrade this tray with spring-feed paddle.
